

# Q3

Audi Q3

**En route  
to myself.**

Here today, there tomorrow. The world is getting smaller. And your possibilities become more varied. With a car that keeps up with your demands – the new Audi Q3. Powerful and agile. Compact and yet spacious inside. And on top of that, expressive, efficient and sporty.

The Audi Q3. Built from new expectations. Let's go.

Modern mobility confidently interpreted. The new Audi Q3 makes an impression. With the striking Singleframe in 3D design. Low-set air inlets in the bumper. And horizontal lines that make the vehicle appear even more powerful. Clearly the styling of an SUV. Combined with coupé-like design. Unique and progressive. Exuding power and sportiness. Right up to the diffuser and the chrome-plated tailpipe trims.

Athletic appearance in pioneering design. Making a progressive impression. Optionally with redesigned LED headlights and rear lights. Including dynamic indicators at the rear. Details that convey urban sportiness. Through and through.

En route  
to

# driving enjoyment.

Get in and drive away. Setting your sights on new destinations. Feel the forward thrust. In the new Audi Q3, the TFSI engines of the latest generation will be driving you forward. Completely redeveloped. From 150 hp to 180 hp and at top speeds of up to 217 km/h. Accompanied by high torque output and thrilling engine power. Power and efficiency increased. Thanks to the start-stop system and recuperation, among other things. Fuel saved, emission reduced.

During every trip. Go on.

The challenges of the city. Tight bends, long straights. Driving situation that change in an instant. Mastered with confidence through proven Audi technologies. For example with the quattro permanent all-wheel drive. For more traction in any type of weather. Optimum distribution of the drive force to the front and rear axle. And with it, driving enjoyment that sticks. In your mind and to any road. Additionally, quick gear changes with the S tronic dual-clutch transmission. And for your individual driving style from sporty to efficient: Audi drive select with four modes. In addition, comprehensive driver and park assist system that turn any city into your territory.

# En route to feeling comfortable.

The interior of the new Audi Q3. High-class down to the last detail. And on request with your own personal touch. Staged impressively by the optional LED interior lighting package. State-of-the-art infotainment technology with optional MMI navigation plus. Optional connectivity package with integrated Bluetooth interface, preparation for navigation system and Audi music interface. A pleasure for the ears: the optional Bose surround sound system with 14 high-performance loudspeakers.

Allowing you to feel truly comfortable when you are on the road. Almost as if you were at home.

Sit down. On comfortable seats made of fine leather. Enjoy the classy ambience. And a lot of spaciousness for your personal life style. From practical storage compartments to the comfort of plenty of legroom. Generosity of scale is also evident in the luggage space. With even more loading capacity by folding the rear seat bench. Thanks to the extendable luggage compartment cover and electrical tailgate, loading is also very comfortable.

## ... durch Technik.

The world is constantly changing. Technology is advancing at an ever faster pace. And in the process, more and more opportunities are opening up to you – nowhere more so than in the field of mobility. We are playing an instrumental role in shaping this progress with Vorsprung durch Technik. Striving to provide you with technology that enriches your life. Making sure that we don't just satisfy your expectations of mobility both today and in the future, but continue to surpass them.

Have the road completely under control, thanks to permanent distribution of the drive force to all four wheels. The rear axle is variably controlled via a hydraulic multi-plate clutch. Always as the situation demands, always selective. Experience handling stability, dynamism and agility as never before and combat the effects of over- and understeer with quattro. For increased traction and superior propulsive power. Tame any road. And always keep your eyes set on where you're heading. In bends. On straights. Over any surface. For a fascinating experience that sticks. To the road – and in your mind.

*Stick to  
the road  
with quattro*

LED headlights\*

# Bright lights

State-of-the-art LED technology. That illuminates roads excellently. Following a natural principle: vision is best during the day. With a colour temperature similar to daylight, the light from Audi LED headlights helps to reduce eye fatigue.

\*Optional add-on: Options are subject to availability and may extend time taken for delivery.

Intelligent performance

# Maximum power. Put to maximum use.

---

Every movement originates from something. Something that sets it off, an idea. The engine in your Audi can also be traced back to an initial spark of inspiration: higher power with lower fuel consumption. These conflicting aims are united in one revolutionary drive technology: TFSI.

你

Intelligent performance

**TFSI**

Audi TFSI engines attain a particularly high compression rate. The result: outstanding efficiency combined with optimum performance. Substituting supercharging for cubic capacity has the effect of considerably reducing engine size and weight – while performance remains as impressively dynamic as ever. For power delivery that will win you over from the word go.

**>>> Audi drive select**  
Audi drive select lets you adjust the driving characteristics of the Q3 to suit your requirements. At the push of a button. Sportier, more comfortable, more balanced or more economical. It's entirely up to you.

**>>> S tronic**  
The sporty, efficient dual-clutch transmission allows you to switch gears with lightning speed without a noticeable break in propulsive power.

**>>> Electromechanical power steering**  
The speed-sensitive power steering conveys a precise steering feel even at high speeds, helps you to countersteer and makes light work of parking.

**>>> Suspension with comfortable tuning**  
This suspension tuning allows agile handling and provides impressive driving dynamics.

**>>> 4-link rear axle**  
With separate spring/damper arrangement.

**>>> quattro**  
The permanent all-wheel-drive system distributes the drive forces to each individual wheel according to the driving situation for extra traction and dynamic performance.

# Dynamics

**that will take hold of you.**

Get in. Buckle up. Start the engine. Wherever you're heading, enthralling driving dynamics will power you there. For as you know, the world is your oyster once you get behind the wheel of your Audi Q3. You decide the direction. The driving style. The pace. Enjoy the satisfaction of knowing you have plenty in reserve. More than enough to get the very best from every drive.

## &gt;&gt;&gt; Car

Control and alter vehicle settings as well as climate control and service functions quickly and easily from MMI radio upwards.

## &gt;&gt;&gt; Media

Display the covers of your music collection on all available media sources such as jukebox, inserted SD cards, Audi music interface and CDs.

## &gt;&gt;&gt; Navigation\*

With MMI navigation plus you can let yourself be guided to your destinations with even greater ease by the 3D map view and 3-dimensional display of places of interest and landmark buildings.

## &gt;&gt;&gt; Phone

Make phone calls safely and easily using the hands-free facility: simply select the number to dial from your contacts in the MMI or enter the number intuitively via the MMI.

## Simplicity

## The MMI – intelligent, individual, intuitive.

Streamlined. Simple. Logical. The world of mobile infotainment completely redefined: the Multi Media Interface (MMI) with your new Audi Q3, everything will be child's play for you.

Remaining faithful to the sporty line:  
the S line packages.

## The right driving force for every personality.

No matter which Audi engine you choose, they all have high compression ratios, highly efficient combustion and outstanding efficiency. In short, they deliver more power whilst using less fuel and producing fewer emissions.

### TFSI

The Audi TFSI engines offer outstanding efficiency and improved performance whilst at the same time retaining their dynamism. For example the 1.4 TFSI 150 hp in the Audi Q3, enables the car to accelerate from 0 to 100 km/h in 8.9 seconds and reach a top speed of 204 km/h.

- 1.4 TFSI (150 hp & 250 Nm)
- 2.0 TFSI quattro (180 hp & 320 Nm)

## Quality given form. And a brilliant finish. Audi wheels.

To make sure you have peace of mind for every meter of your drive, Audi puts its wheels through an exacting series of specialized test procedures. Hardness tests, for example, aim for maximum stability, while a copper accelerated salt spray test – CASS for short – using acetic acid guarantees the greatest possible corrosion protection. Thanks to these and many other measures, we can ensure that every Audi wheel offers maximum quality – even after scores of kilometers. No matter which of the numerous designs you choose.

**Cast aluminium wheels in 5-V-spoke design**  
size 7 J x 17 with 235/55 R 17 tyres

# Discover the world of Audi.

## The Audi experience

The fascination of Audi can be experienced in many different ways. Audi City Berlin, Audi City London and Audi City Beijing, for example, give you digital access to all models at their actual size and in real time. And of course it is always worth visiting one of the major motor shows. This is where Audi always presents its new models and invites you to take a look at how the future is being shaped with “Vorsprung durch Technik”. Anyone interested in seeing how Audi is already putting this into practice will find fascinating insight in the “Vorsprung durch Technik” online special at [www.audi.com.my](http://www.audi.com.my). But a look back can also be rewarding: at the Audi museum mobile in Ingolstadt, history and high-tech go hand in hand. A total of 130 historic exhibits and state-of-the-art forms

of presentation make for a thrilling symbiosis. Plus, Audi driving experience allows you to live the excitement and countless possibilities of current Audi models. Here, pure driving enjoyment is combined with valuable learning effects. This is ensured by a team of specially trained and highly qualified instructors who provide practical tips to help you optimise your driving skills. All this can now also be enjoyed at the recently opened Audi driving experience center in Neuburg, near Ingolstadt. Facilities here include a circuit of up to 3.4 kilometres that features challenging combinations of bends, a 30,000 m² dynamic driving area and an offroad section where Q models can be put through their paces.

## Responsibility

Living up to our responsibilities is a principle that is firmly anchored in Audi strategy. Alongside commercial success and international competitiveness, our responsibility toward company employees and society as a whole is a key consideration, as is protecting the environment and conserving resources. Audi develops cars that are not only sporty and emotive but also ever more efficient. In the long run, Audi wants its products to allow CO<sub>2</sub>-neutral mobility. Seeing to it that production in Audi plants

gradually becomes CO<sub>2</sub>-neutral is another aspect of our comprehensive approach. Audi is also committed to society – particularly in the fields of education, technology and social projects. At Audi, sustainability is closely linked with how we see the future: the Audi Urban Future Initiative sees Audi working with international experts to get to the root of future urban challenges and trends in mobility.

## Team spirit

Motorsport is a driving force behind the brand. For years Audi has been among the champions in various racing series, for instance the 24 Hours of Le Mans or the DTM German Touring Car Masters. The values that are crucial in many different areas of sport are also central ones for Audi: precision, passion and technology. No coincidence then that Audi has been sponsoring sporting events for
